Our Loaves Biggest and Best!

Kneading the Dough With Omar.

For I remember stopping down the row
To watch a baker thumping his wet dough,
And with its all obliterated tongue
It murmured, "Gently, brother, gently, slow!"

The dough for our bread is well thumped. We are merciless.

Our bread is made of richest and best materials and contains lots of shortening. The loaves are not blown like a bag of wind.

Let us end your bread problem. You can phone.

Only two brothers of a family of eleven children now survive, George of this city and William of Dakota.

Robt. Morrison of West Branch has purchased the Tuscola Co. Pioneer-Times and will take possession June 1. The retiring business manager, editor, and principal owner of the Pioneer-Times, James Trotter, has been associated with the Pioneer since 1869 and sole owner of the paper since 1885. Mr. Trotter, who for more than 40 years has been prominently identified with the business, social and political life of Vassar and Tuscola county will relinquish the active newspaper field with many regrets. Mr. Morrison is a newspaper man of experience, having been engaged in that work at Yale Crosswell and West Branch.

The Port Huron Creamery Co. has leased the building second door north of James Cogleys Sons implement warehouses and has employed H. M. Hall as their agent, who will buy cream, eggs and poultry for cash. Satisfaction guaranteed. Mr. Hall is well known in and around Yale and will no doubt look after the company's interests.

Mrs. Bert Barr is much improved after her serious illness and is now able to be around. Mrs. Barr was very bad for a few weeks and her recovery was doubtful but through the skillful nursing of Miss Mary Morrison, a trained nurse of Sarnia, and the careful attention of Dr. Yull of Yale her life was saved.

A dangerous place that is liable to cause the city a damage suit is the east approach to the bridge where the automobile accident took place a week ago. It would cost but very little to place a guard rail along the embankment and for the small expense we see no reason why the city fathers should not take some action immediately.

The Baccalaureate sermon will be preached by Rev. Waldren Geach at the M. E. church next Sunday evening at 7 (standard time). The pastor takes pleasure in inviting all the ministers, their members and congregations to unite in this service. The music will be a special feature of attraction and interest throughout the service.

Mr. and Mrs. Chas. H. Ponsford of Northville visited friends here the first of the week. Mr. Ponsford was in business in Yale several years ago and in conversation with him while here Monday he remarked that he notices a number of new buildings erected, improvements and changes made about the city. He is in the exclusive dry goods business at Northville and is prospering which is pleasing news to his many warm friends here.

Deputy Game Warden Wm. Ealy of Northville was in Yale Wednesday looking up violators of the game and fish laws. He called on this section of the state and should anyone be caught prosecutions will immediately follow. He says that several complaints are now on file in the office at Lansing which are being investigated. If you are doubtful whether or not it is lawful to catch fish or shoot game write the department at Lansing and you will be furnished the correct information.

Nemo Corsets are Healthful —also Fashionable

Nemo Corsets do things, and here are some of the things they do:

They support the abdomen.

They flatten the back.

They reduce the abdomen.

They mold the figure into fashionable lines, and last twice as long as any other corsets.

The Nemo patented semi-elastic fabrics, "Lastikops Cloth" and "Lastikops Webbing," used ONLY in Nemo Corsets, insure up-to-date style, hygienic ease, and economy.

Here's a popular style with extremely long skirt and the new semi-elastic Lasticurve-Back:

No. 322—Low bust; white coutil or batiste; sizes 20 to 36; No. 324—same, with medium bust. \$3.00

NEW FEATURE THIS WEEK

The Expositor Will Publish Series of Articles on Domestic Science.

The department of agriculture of the United States government employs the best talent available and makes exhaustive studies on many different subjects. Among other things domestic science has received much attention. A series of lessons has been prepared by the department and the Expositor has made arrangements to publish them. The first article will be found in this issue. These lessons will be of interest to the women in town as well as those on the farm. We sincerely hope that our women readers will make the most of them.
